2026 Canadian TCSL Conference & AGM

April 25, 2026

Venue: Zoom

The Canadian TCSL Association invites abstract submissions for the 2026 Canadian Teaching Chinese as a Second Language (TCSL) Conference, to be held online via Zoom on Saturday, April 25, 2026. We warmly welcome scholars, educators, and practitioners from across Canada and around the world to join us in showcasing research, sharing teaching experiences, and fostering collaboration in the field of Chinese language education.

The 2026 conference marks the 25th annual signature event organized by the Canadian TCSL Association. With the theme “*Revitalizing, Transforming, and Sustaining Chinese Language Education in Canada and Beyond*,” this year’s conference especially welcomes submissions that explore innovative practices and research contributing to the renewal, resilience, and long-term sustainability of Chinese language, literature, and culture education in both traditional and AI-enhanced learning environments.

Each presentation will be about 25 minutes, followed by a Q&A session. Submissions are encouraged on, but not limited to, the following areas:

1. Curriculum design and pedagogical innovation for enhancing learner engagement and outcomes
2. Program development and sustainability, including strategies for strengthening Chinese language programs in diverse institutional contexts
3. Artificial intelligence (AI) and its implications for Chinese language teaching and learning
4. Assessment and feedback practices in in-person, online, and blended learning environments
